

**Keith Bryant, P.E.**  
***Vice President Water & Wastewater Services***

Keith received a Bachelor of Science Degree in Construction Engineering from Purdue University in 1989. Keith obtained his Professional Engineer's Licenses in Indiana, Ohio and Illinois.

After 10 years of designing and managing civil engineering projects, Keith helped establish a Water & Wastewater Department at **United Consulting**. Keith accepted built the department from the ground up. Keith became a partner in 2008.

Keith is well respected in the water & wastewater industry and is dedicated a member of several professional organizations including, American Society of Civil Engineers (ASCE), Indiana Water Environment Association (IWEA), Water Environment Federation (WEF), and Indiana Section American Water Works Association (IAWWA).

Keith has designed and managed several Wastewater Treatment Plants in the cities of Marion, Illinois, Bicknell, Sullivan, Terre Haute, and New Castle. Keith feels the most rewarding aspect of his job is helping local communities with their Combined Sewer Overflow (CSO) planning. He feels a sense of accomplishment when he helps the client meet state and Federal requirements and develops plans which improve their systems and the environment while being conscious of the economic impacts to the communities.
